

MSN
Fact Sheet
October 2014

Designed from the ground up for a mobile-first, cloud-first world, MSN combines premium content from the world's leading media outlets with personal productivity tools that help you do more. MSN brings you the best in online information, uniquely yours across your devices, combined with the familiar services you use throughout the day. Built around the insight that the knowledge and information that enrich your life should be accessible regardless of where you are or what device you are using, MSN is available on the Web, Windows and all major mobile platforms.

Comprehensive and best in class

A key tenet throughout all the categories in the new MSN, including News, Sports, and Money is that every experience provides a global, comprehensive perspective from thousands of worldwide, authoritative sources.

We've partnered with some of the world's best publishers to deliver on this goal:

- In the U.S., some of our premier partners include The New York Times, The Wall Street Journal, The Washington Post, CNN, AOL (including TechCrunch and Huffington Post), and Condé Nast (including Vanity Fair, Epicurious and Bon Appétit).
- Worldwide, we're excited to include The Yomiuri Shimbun and The Asahi Shimbun in Japan; Sky News, The Guardian and The Telegraph in the U.K., NDTV and Hindustan Times in India; Le Figaro and Le Monde in France; and many more.

A deeper look into MSN's verticals

News: Get the day's top stories and breaking news from the industry's best sources, handpicked by our editors. It's easy to stay updated on any topic you care about with headlines and top stories, customized topics and sources, international and local news feeds, and easy access to additional links and quick sharing options.

Weather: Get the latest weather conditions, whether you're hitting the slopes, going to the beach or checking the forecast for your commute. See hourly, five-day and 10-day forecasts for whatever you do with current and forecast conditions, weather data, interactive maps, and visual and weather news.

Entertainment: This is a collation of the best-in-breed global movies, celebrities, TV and music experiences. With celebrity gossip, videos, slideshows, box office reviews, TV show clips and information, as well as music listening and purchasing options, it's easy to find what you're looking for.

Sports: Get real-time game updates, easy-to-follow schedules and standings, and the latest news across 150 leagues and thousands of teams. Never miss a play with breaking sports news; customizable teams and leagues; live game event updates for NBA, MLB, NFL, cricket and soccer; and frequently updated scores, stats and standings for your favorite teams.

Money: Know more about your money with comprehensive and up-to-date financial news and data. Manage your portfolio with handy tools and calculators. Access market and personal finance news, including articles, slide shows and videos, timely data of stocks, bonds and funds details, and mortgage and credit card rates.

Lifestyle: The new Lifestyle experience inspires people to live their lives well through beauty and style, home décor, and parenting conversations. Articles, videos and slide shows of interior design, clothing and beauty trends, interpersonal relationships, and technology in our everyday lives offer inspiration and tips.

Autos: It's the destination that customers around the world visit to discover, decide on and buy their next car. With a massive car marketplace, it's easy to research potential cars, ask for advice or services, discover the latest news, and learn about car ownership and enthusiast experiences.

Video: View curated top videos from across the Web; MSN video player streaming capabilities in Internet Explorer, Chrome, Firefox, Safari, and other browsers; partner videos; and full-screen and live streaming options.
