Surface Pro 4 Type Cover

Transform Surface Pro 4 into a highly versatile laptop with Surface Pro 4 Type Cover¹ — the newest keyboard cover that offers the most advanced Surface typing experience yet. Working on your lap, the plane or at your desk is easier than ever thanks to a redesigned mechanical keyboard that is thinner, lighter and includes improved magnetic stability. The redesigned glass trackpad is 40 percent larger than the previous-generation Type Cover and packs smart controls that differentiate between unintentional contact and a deliberate click or tap.

The backlit Surface Pro 4 Type Cover also features a QWERTY integrated backlit keyboard, a full row of Function keys (F1–F12), Windows shortcut keys, and media controls. When closed, Surface Pro 4 Type Cover shuts down your display to preserve battery life. Choose from five colors — black, red, blue, bright blue and teal².

Surface Pen

Experience the ultimate modern writing experience with the new Surface Pen. Now with 1,024 levels of pressure sensitivity and reduced latency, Surface Pen lets you write, draw or mark documents digitally while still feeling as natural as pen on paper with precision ink on one end and an eraser on the other.

Take notes to quickly capture your thoughts and instantly convert to text for sharing and searching with ease. Click once to open OneNote, double click to screen capture, or click and hold to instantly access your personal digital assistant, Cortana⁴. The Microsoft Surface Pen Tip Kit⁵ enables you to choose the tip that feels most natural. Stick with the preinstalled HB tip for writing and sketching, or swap to a B tip for sketching and illustrations, an H tip for drawing, or the 2H tip for drafting and fast strokes. And now, simply attach your Surface Pen magnetically to the side of your Surface⁶, so you never leave it behind. Choose from four vibrant colors — red, black, silver and dark blue — to express your personal style.
