

How to Syndicate our Connect 2017 Live Stream and Video Content

What is Connect()?

Connect() is a yearly, Microsoft-hosted Tier-1 developer event that is broadcast live from New York City to developers worldwide. Event website: <http://connectevent.microsoft.com> | Learn more: <https://aka.ms/connectevent>

Embedding our Video Player to your pages for Live Streaming:

The Connect(); 2017 Live Stream will begin at 9:45am with a pre-show and the Keynotes will start at 10:00am US Eastern Time on November 15th and stream live 15th and 16th. The code to instrument our Azure Video player is below:

```
<iframe  
src='https://mediastream.microsoft.com/events/2017/1711/Connect2017/player/Connect2017Main.html?cid=PR'  
border='0' frameborder='0' scrolling='no' width='640' height='360' allowfullscreen='true'  
style='overflow:hidden;'></iframe>
```

Social: Join the Connect(); 2017 Conversation on Social using #MSFTConnect

We will be tweeting & posting from [@VisualStudio](#) [@OpenAtMicrosoft](#) [@Azure](#) and other handles using the hashtag [#MSFTConnect](#).

Thank you! - Questions or comments, please don't hesitate to contact Gabe Dorta (gdorta@microsoft.com)
