

## How to create your chatterbox?

1. Cut out the purple solid line square.
2. Fold the square in half lengthways across the two middle dotted purple lines.
3. Open square back out. Turn over and fold the four corners into the middle – so the animals and numbers face up.
4. Turn the square back over and fold the four new corners into the middle – so the numbers face up.
5. Cut the paper holding the numbers together – so each number has its own flap.
6. Fold in half so the numbers face in and the animals face out.
7. Put your thumb and index fingers in the pockets under the four animals and open the chatterbox!

## How to play the game?

1. Ask a friend to pick an animal.
2. Spell out the animal as you move the chatterbox back and forth (i.e. DOG, three letters, move three times).
3. Have them pick a number from the inside.
4. Move the chatterbox that many times.
5. Have them pick a new number.
6. Open the flap of the number picked and find your tip!
